*Contributions:* Manuscripts should be typewritten, double spaced, and the original copy should be submitted. Every effort will be made to return unused manuscripts, if request is made, but no responsibility can be accepted for failure to do so. Anonymous communications will receive no consideration whatever.

Manuscripts and news items of interest to the membership of the Society are solicited.

Forms close on the first and fifteenth of each month. The early submission of material will insure more consideration for publication.

Published semi-monthly by the Chicago Dental Society. Publishing, Editorial and Advertising Office: 30 North Michigan Avenue, Chicago 2, State 7925. Annual subscription \$2.50; single copies 15 cents; circulation 6,000 copies.

# THE CALENDAR

---

**October 6:** NORTH SIDE BRANCH: The first regular meeting will be held at the Edgewater Beach Hotel. Dr. Robert Gillis of Hammond, Indiana will be the speaker for the evening and his subject will be "Centric Registration."

**October 7:** KENWOOD-HYDE PARK BRANCH: The first regular meeting will be held at the Broadview Hotel, 5540 Hyde Park Boulevard. Dr. Arthur Roberts of Aurora, Illinois, will be the speaker for the evening and his subject will be "Functional Full Dentures." The following denture clinics will also be presented: W. R. Eberle—"Impressions"; George W. Schmidt—"Balanced Occlusions"; P. L. Mathisen—"Mucostatics"; Ralph Libberton—"Why Height Posterior?"

**October 7:** SOUTH SUBURBAN BRANCH: The first regular monthly meeting will be held at Surma's Restaurant, 175th Street and Western Avenue. The speaker for the evening will be Dr. Loren Sayre, whose subject will be "Crown and Bridge Prosthesis."

**October 14:** NORTHWEST BRANCH: Open house will be held at Stella's Restaurant, 3208 North Kostner Avenue.

**October 14:** ENGLEWOOD BRANCH: The first regular monthly meeting will be held at the Hayes Hotel. At 8:00 p.m. Dr. Lester Boyd will speak on "Psychologic Approach in Restorative Dentistry." Dr. P. L. Mathisen will also present a table clinic on "Mucostatic Impressions."

**October 14:** NORTH SUBURBAN BRANCH: The first regular meeting will be held at the North Shore Hotel, Evanston. Dinner will be served at 6:30 p.m. followed by the scientific session at 8 p.m. The speaker for the evening will be Dr. S. I. Hayakawa whose subject will be "Why We Don't Behave Like Human Beings."

**October 14:** WEST SIDE BRANCH: The first regular meeting will be held at the Midwest Athletic Club, Madison Street and Hamlin Avenue. The speaker for the evening will be Dr. F. E. Roach whose subject will be "Clasping Versus Juggling." At 6:00 p.m. the first lecture of a postgraduate course on full denture construction will be given.

## Double Feature To Inaugurate Monthly Meeting Programs

Drs. James H. Pearce and W. H. Kubacki, October Essayists

Two of Chicago's well known prosthodontists will be on hand to tell all about the fine points of denture construction at the October monthly meeting. The meeting will be held in the North Ballroom of the Stevens Hotel, Tuesday evening, October 21. Dr. James H. Pearce of Northwestern and Dr. W. Howard Kubacki of Illinois will be the speakers and their subjects will be "Impression Taking" and "Centric Registration." The Monthly Meeting Program Committee of which Dr. Russell Boothe is chairman, is sure that this program is just what the doctor ordered for the average dentist who has occasional trouble with his denture making. There will be no mass of technical verbiage which sometimes is over the head of the audience but, rather, down-to-earth facts that will insure better and more profitable denture service.

### IMPRESSION TAKING AND CENTRIC REGISTRATION

Because all denture work is ordained to rise or fall upon the ability of the operator to take accurate impressions, this phase of denture construction will receive first consideration. Dr. Pearce will talk on the principles and practice of impression taking for complete den-

tures. He will cover the subject from the point of the edentulous mouth and of the immediate denture. He will stress particularly techniques that will be useful to the man in general practice. He will illustrate his lecture with lantern slides and will divulge all this useful information in the space of twenty minutes.

The subject of "Centric Registration" is another item about which thousands of words have been written. As the words pile up confusion sometimes seems worse confounded. Getting away from the purely technical side of the issue, Dr. Kubacki will present the problem of determining the normal limits of the patient within which dentures function. He will show his methods of arriving at a satisfactory answer to the problem and he, too, will do all this in the twenty minutes allotted him.

Following the essay period, several table clinics by local prosthodontists will be presented. The names of these clinicians will be published in the next issue of the *Fortnightly Review*.

### ESSAYISTS

Dr. Pearce is Associate Professor of Prosthetic Dentistry at Northwestern University Dental School. He graduated from that institution in 1928 and has

(Continued on page 21)

## State Society to Meet in Peoria

Five Day Program Begins October Eighth

The Illinois State Dental Society will hold its annual meeting in Peoria this year. October 8, 9, 10, 11 and 12 are the meeting dates. The preliminary program has been announced and the list of essayists and clinicians augurs well for an outstanding meeting. The golf tournament and bowling congress will be held on Wednesday instead of Monday as heretofore. The Annual Banquet comes on Thursday evening at which time the Society will present Mr. Nathaniel Leverone, Chairman of the Board of the Automatic Canteen Company of America, as the speaker of the evening. Mr. Leverone is in great demand as an after dinner speaker and has appeared before many of the larger lay and professional organizations throughout the country during the past year or two. He will present his views concerning the economic future of the country.

### SPECIAL EVENTS

The officers and committee chairman of the Society will be given a dinner on Tuesday evening at the Pere Marquette Hotel, the convention headquarters. On Wednesday morning there will be a meeting of the Executive Council and on Wednesday afternoon the golf tournament and bowling congress will be the attraction. The golf tournament will be held at the Peoria Country Club, than which there is no finer golf course anywhere. It's a delight just to walk around the place. The Annual Sport's Banquet will follow these two events on Wednesday evening at the Pere Marquette Hotel. Reservation forms for all these functions

will be found in both the August and September issues of the Illinois Dental Journal and members of the Chicago Dental Society who plan to attend are urged to send their reservations in early. Hotel accommodations may be at a premium and reservations for rooms should be made at once through the Peoria Association of Commerce.

### SCIENTIFIC PROGRAM

The scientific sessions will get under way on Thursday, the third day of the meeting. The First General Session, Thursday morning, will feature a paper by Dr. Cecil H. Bliss of Sioux City, Iowa, whose topic will be, "Strategy of Handling Patients." Following this, President Lloyd H. Dodd will deliver his address. On Thursday afternoon there will be two essayists: Dr. Raymond L. Girardot of Detroit, "Partial Denture Prosthesis," and Dr. Lyle F. Aseltine of Chicago, "Oral Surgery." Friday morning's session will open with a discourse on "Crown and Bridges" by Dr. Kenneth A. Bignell of Chicago and that will be followed by Dr. LeRoy E. Kurth of Chicago whose subject will be "Fundamentals in Full Denture Construction." On Friday afternoon Dr. Walter T. McFall of Asheville, North Carolina, will present his version of "Practical Workable Children's Dentistry Which Pays."

The General Clinics of Table Clinics will conclude the scientific part of the meeting on Saturday morning. The Committee is arranging a very comprehensive set of clinics which will include practically every phase of dentistry.

## What Now?

By Frederick T. Barich

As you already know, an interesting device was developed by our scientific military brains during the recent war. It proved highly successful in that war and was one of the many mechanical marvels which assisted greatly in knocking off two tough adversaries. In due course this wonderful gadget will come to all civilian soldiers. The switch over from military to civilian usage is now in the offing, and only a few minor details are yet to be worked out. By the time the "call of the wild" comes to you in the fall, this boon to hunters will be plentiful, and all the sporting goods houses should be able to meet the terrific demand.

If the advance notices, as given by the guiding genius of this project, come anywhere near fulfillment, the game in this country and in all countries will have to develop new protective devices in order to thwart extermination. Nothing, it seems, will be immune to this new and revolutionary weapon.

Oh, yes, I forgot to tell you what it is—it is the proximity fuse for all types of civilian firearms. It outmodes the modern military fuse to such a degree that the next war can be fought and won from the comparative security of the copper mines under the city of Butte, Montana. In case you are vitally interested, the Chamber of Commerce at Butte will forward, at your request, a glowing prospectus on "Why you should stay away from Butte." In part it will say something like this: "People over the years have dug little holes in the ground and placed little houses with crescents under the eaves over them; while we at Butte have dug big holes in the ground and placed a city over them." So, you see, they outdo everybody and everything in that glittering city (at night). A man's education is by no means complete until he has made the rounds of that fair city (at night).

Let's get back to the fuse, shall we? For example, in the nose of a .23 caliber projectile is placed a tiny gadget the size and shape of a dicotyledon containing a dropule of electronic essence. (See Reader's Digest, May, 1946, or Atlantic Monthly, March, 1946.) In the stock of said piece is an intricate network of baryllium wires interspersed by radio and radar active tubes mounted on bands of plutonium ribs embracing mono-cyclic cells of uranium 239 plus and further engaging multiple discs of ozite which in turn coalesce with magnetic plates of Byrneite in order to facilitate the true reaction and interaction of transcendite subrosa. Integrated with and diametrically opposed to the above is a battery of precipitrons totally or partially enucleated in toto whose sole objective is instability. The remaining precipitrons act as the catalyst in the reaction detonation which is so gentle that even a baby can absorb it. The hypo-physical impulses received by the reverse trocus are boosted in volume by straight-line condensers arranged serially; and in order to synchronize these accurately, new-type resistors of the "B" series are arranged in pairs at the peripheral margins of battery "X". This is accomplished automatically when the sight bead is drawn finely on the target. A graduated dial adjusting fan screw (manually operated) is placed to the right and slightly to the left of the rear sight to make corrections for range and deflection. The final operation is dependent on the coaxial coefficient which harmonizes in the specific sense with the general balance and tonus of the feed-wheel gear as it passes over the inverted cam on modulator "Y". Trajectory (high or low) allowances are made as the mirror target image intersects tangentially with the transscopic arc as formerly described. All you have to do is pull the trigger and the game is yours.

# NEWS AND ANNOUNCEMENTS

---

## 1948 MIDWINTER MEETING TO BE HELD IN FEBRUARY

It has been rumored that the 1948 Midwinter Meeting of the Chicago Dental Society will be cancelled because of the annual meeting of the American Dental Association which will be held in Chicago next September. On the contrary, no thought has been given to the cancellation of either our 1948 or our 1949 midwinter Meeting. Both will be held as usual during the second week of February.

The Chicago Dental Society welcomes the American Dental Association to Chicago and believes that its meeting in September and our meeting in February will both be well attended.

The 1948 Midwinter Meeting will be held February 9-12 at the Stevens Hotel. Those who plan to attend this meeting are urged to write the hotel of their choice for reservations during this period.

## COMMUNITY FUND DRIVE

The annual Community Fund Drive opens October 13. Drs. Jules LeGrand and Byron J. May have been appointed Chairman and Vice Chairman respectively of the Chicago Dental Society Community Fund Committee. They will be assisted by a representative from each of the Branches. Every member of the Chicago Dental Society will be solicited and the Committee urges members to hold their contributions for the Dental Society representative. In this way, the Chicago Dental Society will receive the credit and will be able to make a respectable showing.

## ADVISORY HOSPITAL COUNCIL

The Advisory Hospital Council of the State of Illinois held its first meeting Friday, September 12, in Springfield at

the office of the Director of Public Health. The Council was appointed by Governor Green under authority of the legislature (HB 284) to advise and consult with the Department of Public Health in carrying out the administration of the Hospital Survey and Construction Act, enacted by the 79th Congress. This act provides grants-in-aid to the States "to assist them in making inventories of existing facilities; to survey the need for construction of hospitals and to develop programs for construction of such public and other nonprofit hospitals as well, in conjunction with existing facilities, afford the necessary physical facilities for furnishing adequate hospital, clinic and similar services to all other people."

The Council consists of the Director of Public Health who serves as chairman, ex-officio; the Director of the Illinois Public Aid Commission, ex-officio; the Director of the Department of Public Welfare, ex-officio; and the following: five individuals from the field of hospital administration, five individuals in the fields of medicine, surgery and dentistry and five individuals with a public interest. Dr. James H. Keith of Evanston is dentistry's representative on the Council.

At its first meeting the Council discussed the shortage of hospital beds in the State. The Department of Public Health estimates that Illinois has a 40,000 bed deficit. With hospital costs what they are this would mean an expenditure of \$400,000,000. The State Legislature has appropriated only \$4,675,000 for general hospitals for the current biennium so that even with federal funds, Illinois will fall far short of its goal.

Preliminary surveys have been made of existing facilities and priorities determined upon basis of need. As would be expected, the areas of direct need are the rural areas and it is these areas that are given first priority, with Chicago and its

(Continued on page 21)

# NEWS OF THE BRANCHES

## WEST SIDE

William Gubbins, our president, has definite plans for the resumption of our monthly meetings to be held at the Midwest Athletic Club located at Madison Street and Hamlin Avenue. The first of these meetings will be held Tuesday, October 14. Bill wants to make this, the first meeting of this administration, a memorable evening for all. Michael DeRose, chairman of the pre-dinner program is pleased to announced that a post graduate course on full denture construction will be given. This course will consist of six sessions of lectures and practical demonstrations beginning at 6 p.m., preceding dinner at seven o'clock. The first session of this course will be held at the October meeting. Al Sells, our able and alert chairman, has been very fortunate in securing Dr. F. E. Roach as our first guest speaker. His topic will be "Clasping Versus Juggling." He will also show a number of interesting, unique and unusual practical cases. Many of us have fond memories of Dr. Roach as our professor at Chicago College of Dental Surgery. We can expect six more of those delicious dinners as our friend and pal, Louis Weinshenker, is going to see to that again this season. . . . As the vacation is about over those offending teeth will soon be getting prompt attention. There are a few vacations that must be reported. Bill Gubbins just returned from a two weeks' sojourn in and around Van Junction, Michigan. He and his little daughter, Patty, picked berries and did some fishing. Their fishing average was only one fish per week. . . . Art Tessler has just returned to his office after his third vacation this summer. It is getting to be a habit isn't it, Art? . . . Bill Whittaker is now relaxing on a seven-day lake cruise. . . . Sam Kretshmer is enjoying a week at Elkhart Lake, Wisconsin. . . . William J. Serritella and Paul

Dawson recently returned from an eastern trip. While at the Boston Meeting, William J. gave a clinic on his impression trays. He is well pleased with the results. . . . Harry Rubens has had a delightful summer, spending week ends in Michigan as per usual. . . . George Vogt reports a very eventful month in Michigan. He broke two ribs and taught his little daughter, Joan, to swim. . . . Henry Melichar combined business with pleasure on a month's trip to Macomb, Illinois and Spooner, Wisconsin. . . . Mike DeRose and family spent the months of July and August visiting the scenic spots in the Northeastern section of this great country of ours. . . . Our librarian, John C. Smith, and family are now loafing in upper Michigan. . . . Irvin Fishman is fishing and golfing in Michigan. . . . Henry Lee recommends Berrien Springs, Michigan as a good place to rest. . . . Joshua Vission and Al Sells are planning a fishing trip in October. . . . Your scribe can tell you where to get the big ones. . . . Bob Baxter just returned from Minneapolis where he attended the funeral of his uncle. . . . Sid Barreau has returned home from the hospital after having a major operation. He now has something to talk about. . . . Caesar Newman is now able to spend part time in his office. . . . Any news items should be reported to Seeley 7447 at once.—*Irving C. Miller, Branch Correspondent.*

## NORTHWEST

O.K.! So you've been hearing about this for weeks. No more will I give with the tra-la-la's and autumn stuff. Open house will be held on October 14. So you be there. Buffet lunch et all! Nuff said! The place is Stella's Restaurant, 3208 North Kostner. Come one, come all! It will be a real old fashioned cracker barrel session, reminiscing, lo, these many years, and toasting each and all. The

many new members we have should take this time to look ahead to the Northwest Branch's future greatness, while the old timers keep going along building up a past that is well worth remembering. . . . Charles Frost and family spent their vacation at Nippersink. . . . Iver Oveson is sporting about in a new Pontiac. . . . G. E. Ulvestad and family are back in the city after a three week's stay at Round Lake. . . . Folmer Nymark and family decided to beat the heat by driving north to Duluth, Minnesota and from there to Port Arthur, Canada. Air conditioning is better there, eh, Folmer? . . . Some people work for glory; some work for financial returns; but, Glenn Cartwright works because he is happy at work. At present he is attending classes on public health at the University of Michigan. Brings back student memories, eh, Knute? . . . A. J. Moldenhauer and family spent three weeks at Kenora, Canada. Any heat waves there, A. J.? . . . Waldemar Link and his family toured Yellowstone Park. . . . Jack Heinz has gone modern and furnished his office with new equipment. . . . Lawrence Peacock returned from a long vacation stay at Twin Lakes. . . . We are glad to hear that Sam Kuznetsky is on the mend after a recent throat infection. . . . The Northwest Side was saddened by the recent death of Robert Burns, past president of the Northwest Side Branch. Interment was at Forest Home Cemetery on Saturday, September 13. . . . In the blessed events department—Ed Kiwala informs us that he became a papa of a baby boy. . . . Pete DeBoer and Mrs. DeBoer were recipients of first place in the Edgebrook Garden Show recently. . . . Joe Smialek and his physician brother toured Canada recently in a new Cadillac. Some class, boys, some class. . . . Nuff said! See you soon!—John M. Gates, Branch Correspondent.

#### ENGLEWOOD

Well, boys, we began the new year with a "bang" on Tuesday, September 9. A representative group of sixty or

more turned out to start the current season under President Bill Shippee. Our guest speaker for the evening was Dr. E. C. Pendleton, who certainly needs no other introduction. Dr. Pendleton gave us some excellent tips on diagnosis as related to full denture prosthesis. Look before you leap! Program Chairman Ed Werre has some good material lined up for us this year. Next month we will have Lester Boyd and P. L. Mathisen. Watch for the official announcement. . . . Now for some dope on the brethren. . . . Our sympathy goes to Bill Shippee on the loss of his dad and a hope that his mother recovers rapidly from a broken leg. . . . Anyone who may have seen Stan Ruzic with camera in hand in front of the University of Chicago Chapel lately will be interested to know that the occasion was the graduation of his son, Jay Francis, with a B.S. degree. The boy is now well on the way to an M.D. . . . Hank Fonjemie spent some time in the Lake Superior region looking for fish—there ain't none. . . . Isaac Kuzminsky can tell you how to get a new Pontiac just like in the good old days. . . . The new member of the John Francis household arrived late in August, weighing in at eight pounds and fifteen ounces. . . . Bill Fisher is now on permanent duty at the Pentagon Building. . . . Tom Starshak has had a busy week, what with celebrating his twentieth wedding anniversary and getting daughter Ruth back to college in time to act as receptionist to the freshman class. . . . The mean look in O. E. Johnson's eye is only one of determination to get some of those fish that got away earlier in the season. . . . Tom Cavanaugh was due back from St. Petersburg, Florida on or about the twenty-ninth of September. . . . Leo Finley arrived back in town recently from a trip through Yellowstone and points west and northwest. . . . The other "inseparable", Red McMahon, came out the champion in a Beverly C. C. Golf Tournament. . . . Harry Kulvin's son, Dr. Bob, is rapidly establishing a fine practice in 'Frisco. . . . Dom Adducci is "knocking 'em over" in the local bowling emporia. . . . Harold Asher was seen hobbling along trying

to get the best of a plaster cast on that broken leg—no explanations. . . . Paul Kanchier tells us that his new Lincoln gave a performance worthy of its name on a recent trip to Boston, the New England States and Canada. . . . Another visitor to Canada is Gus Solfronk who spent some time at Whitefish Bay among other places. . . . C. E. Bancherel and wife spent a pleasant week at Sister Bay, Wisconsin. . . . The correspondent thanks all those who contributed the above news items. . . . Your next correspondent is John S. Boersma, 10657 South Wentworth Avenue, Commodore 4151. Give him a hand.—*J. L. Manning, Assistant Branch Correspondent.*

#### WEST SUBURBAN

Well, gang, here we are back at the old grind—or should be. I suppose with this summer weather continuing, some of us find it difficult to get back in the groove. . . . Erwin Gramke is planning a fishing trip in about another week. . . . Al Kuncl has a fishing excursion coming up also although nobody knows how much fishing is going to be done on this trip. . . . Our president, Arnold Pins, returned around Labor Day with his family from a delightful sojourn in Duluth. . . . Bernard Meehan has found what he considers a vacation paradise about fifty miles south of Duluth where he spent a couple of weeks preceding Labor Day. . . . Jerry Greenwood enjoyed the scenic wonders of Maine and New England for a month this summer and has been trying to sell the trip to all the boys. . . . Our up and coming plutocrat, Freddie Hawkins, came back from his trip to California without his Cadillac; but you can always bet on Freddie. He has a new Chrysler. Just a word of caution, fellows, don't do any horse trading with Fred. . . . With all vacations and the swell times enjoyed by our members during the summer, I know that they're all in fine condition for another grand year in dentistry, and I hope they will all contribute, as they have in the past, to a wonderful year for our branch in support of our able presi-

dent, Arnold Pins.—*Edmund F. Hall, Assistant Branch Correspondent.*

#### KENWOOD-HYDE PARK

Full dentures will be the subject of our October seventh essayist, Dr. Arthur Roberts of Aurora, Illinois. Dr. Roberts is an essayist of broad experience, having appeared on many dental society programs, and brings a message of great worth to the general practitioner. His essay is titled "Functional Full Dentures" and he should help us with our many denture problems. In addition, we will have a fine array of denture clinics with our Kenwood-Hyde Park members playing a major role and Dr. George W. Schmidt of the North Side Branch doing his full share to make it a worth-while evening. The clinicians are: W. R. Eberle—"Impressions"; George W. Schmidt—"Balanced Occlusions"; P. L. Mathisen—"Mucostatics"; and Ralph Libberton—"Why Height Posterior?" Make a good beginning and start the year by being present. Mark off that Tuesday, October 7, date for 7:00 o'clock dinner and dental meeting at the Broadview Hotel, 5540 Hyde Park Boulevard. To make our dinner fellowship more enjoyable, a Smorgasbord dinner will be served. If you haven't had one, this will be a great time to have something that is delightful. . . . While on the subject of marking the appointment book, cross off November 4 for another top notch meeting and dinner. Dr. Eddie Ryan of Evanston will address a joint meeting of Kenwood-Hyde Park and Northern Indiana Dental Societies on the subject "Psycho-Biologic Aspects of Dental Practice" at Vogel's Restaurant on Indianapolis Avenue. Don't let that high sounding title scare you, for Eddie is one of the country's most able dental speakers and always has something stimulating and worth-while to offer. Our clinic chairman, Les Boyd, and program chairman, Scotty Morange, and their committees are to be complimented for these programs. . . . News otherwise is scarce. Most of the boys are back hard at work making preparations

for the next vacation. . . . By the way, the Illinois State Dental Society Meeting is at Peoria this year on October 8, 9, 10 and 11 and an excellent meeting is planned. It affords an excellent opportunity for relaxation, as well as stimulation from good fellowship and fine programs. . . . I am happy to report that Harry Hartley is almost as good as new after his visit to Illinois Central Hospital and shortly will be in the "pink." . . . Our good friend, Charley Waterman, has acquired a new home at Long Beach, Indiana and has joined the rest of the commuters. He is spending the month of September getting things in shape. Many years of happy suburban living, Charley. . . . Adolph Ziherle and family spent a very pleasant vacation at Paw-Paw Lake swimming, boating and fishing. Adolph says the latter was not so hot, but that they had a grand time. . . . We welcome into our membership Sam Goldfield and David Hamburg, and look forward to seeing them at our October meeting. To you and other new members please accept this as a personal invitation from your officers. Wilbur Spencer says that if humanly possible, dinner will be served promptly at 7:00 p.m. Please help in this matter. For dinner reservations call Bob Rowan at Butterfield 2724. If you have any news call me—South Chicago 1823.

—*Elmer Ebert, Branch Correspondent.*

#### **NORTH SUBURBAN**

The first fall meeting of the North Suburban Branch of the Chicago Dental Society will be held at 6:30 p.m. on Tuesday, October 14, at the North Shore Hotel. The speaker for the evening will be Dr. S. I. Hoyakawa and his subject will be "Why We Don't Behave Like Human Beings." As many men as possible should try and attend as it promises to be a very interesting evening, both from the educational angle and the good fellowship involved. Your correspondent attended the Northwestern Alumni Dinner at Wilmette Country Club the other night and Coach Bob Voights promised

a hard driving team for this fall. I imagine that quite a few of the men will be at the Vanderbilt game in a couple of weeks. . . . James H. Keith, recently appointed a member of the Hospital Advisory Council, attended a meeting Friday, September 12, in Springfield where plans for the development of the program were discussed. . . . William A. Murray's daughter, Diana, was married Saturday, September 6, to Mr. George Dresser Smith in Christ Church, Winnetka. . . . I. A. Smothers and wife recently returned from a two week tour through the Black-hills of South Dakota where they had a frost the first night. A welcome relief from the heat wave in Evanston. . . . Robert R. Reinardy says the fishing is great at the YZ Lodge in northern Wisconsin. . . . Robert W. Johnson and his wife spent a restful two weeks near Traverse City, Michigan. . . . R. Landess Lasater spent some time at the Broadmoor Hotel in Colorado Springs to escape the hay fever season and returned for his daughter's debut. . . . R. J. DeWolf will have returned from his vacation to take over the next issue of the review so send your news item to him. Let's see a big crowd out for the first meeting.—*W. Alfred Parcell, Assistant Branch Correspondent.*

#### **NORTH SIDE**

A wire from President Luebke states that Program Chairman Gieler is all set to go at our first meeting of the season. Monday night, October 6, at the Edgewater Beach Hotel. During the dinner hour we will be entertained with feats of magic by one of our own members. At the scientific session, "Centric Registration," a topic of great importance and interest today, will be presented by that well known speaker, Dr. Robert Gillis of Hammond, Indiana. If you are an "up and coming" dentist you can't afford to miss this or any of the future meetings of the season. . . . Stan Goldberg has just had mounted one of those rare Northern

(Continued on page 22)

# 1947 Alphabetical Roster of Membership

In this issue another portion of the membership roster of the Chicago Dental Society is presented. Please check your name for spelling, address, and branch listing and forward any corrections to the Central Office, State 7925. Retain this issue for future reference.

# OFFICERS, DIRECTORS AND COMMITTEES

of the  
CHICAGO DENTAL SOCIETY

1947-1948

## Officers and Directors

Harry A. Hartley, *President*  
Robert J. Wells, *President-Elect*  
Edwin W. Baumann, *Vice-President*  
Arno L. Brett, *Secretary*  
Vincent B. Milas, *Treasurer*

Leo J. Cahill, 1948	James E. Fonda, 1950
Mefford J. Couch, 1949	Harold H. Hayes, 1950
Harold C. Drummond, 1948	A. C. Kuncl, 1949
Elmer Ebert, 1948	James D. Mershimer, 1949

## Ethics Committee

Walter J. Nock, <i>Chairman</i> , 1947	
N. A. Kingston, 1950	H. O. Cubbon, 1948
Eugene M. Stearns, 1949	John M. Gates, 1948
J. R. Carlton, 1948	I. G. Oaf, 1948
Max M. Chubin, 1948	George W. Schnath, 1948
W. C. Corcoran, 1948	Arthur J. Skupa, 1948

## Election Committee

L. G. Bettenhausen, <i>Chairman</i> , 1949	
Reuben A. Anderson, 1950	Samuel R. Kleiman, <i>Vice-Chairman</i> , 1950
Earl H. Crawshaw, 1949	Lawrence H. Johnson, 1949
Frank S. Harris, 1950	Merle E. Long, 1948
Harry Hurwitz, 1949	A. E. McKnight, 1948
Charles P. Janicki, 1948	J. J. Reilly, 1948
G. C. Johannes, 1950	Raymond J. Sauer, 1949
	George W. Schnath, 1950
	A. G. Sprecher, 1948

## General Arrangements Committee

Eric R. Lindholm, <i>Chairman</i> , 1950	
Harold E. Gillogly, <i>Vice-Chairman</i> , 1950	
E. O. Benson, 1949	E. B. Kirby, 1950
Frank Bezkostny, 1950	Norman K. Laird, 1948
J. C. Dumelow, 1948	E. A. Lordahl, 1948
L. J. Filek, 1949	I. G. Oaf, 1948
R. U. Grieff, 1950	C. J. Rogalski, 1948
William R. Gubbins, 1949	Wilbur L. Spencer, 1949
Toby Weinshenker, 1949	

## Legislative and Law Enforcement Committee

Ernest Goldhorn, <i>Chairman</i> , 1949	
W. S. Kelly, <i>Vice-Chairman</i> , 1948	
Earl P. Boulger, 1948	James A. Nowlan, 1949
George W. Cappell, 1949	Eli Olech, 1950
Stanley A. Danhauer, 1948	Howard V. Phillips, 1950
John P. Devin, 1950	Rudy A. Seidel, 1949
Cedric K. Dittmer, 1949	Paul A. Topel, 1950
George W. Hax, 1948	Henry J. Wieland, 1948
	Roger S. Williams, 1950

## Membership Committee

Maurice S. Altus, <i>Chairman</i> , 1950	
Robert J. Pollock, <i>Vice-Chairman</i> , 1950	
E. H. Belgrad, 1949	Milburn H. Johnson, 1948
E. Brogmus, 1949	Ralph E. Libberton, 1950
P. H. Brown, 1948	John L. Manning, 1949
F. M. Cooney, 1950	R. M. Morange, 1948
E. B. DeKoven, 1948	H. L. New, 1949
Ernest P. Hudec, 1949	G. W. Solfronk, 1948
	J. S. Vission, 1950

## Postgraduate Instruction Committee

Stanley D. Tylman, <i>Chairman</i> , 1948	
Paul T. Dawson, 1949	
James H. Pearce, 1950	

## Publication Staff

James H. Keith, <i>Editor</i>	
L. Russell Hegland, <i>Business Manager</i>	

## Monthly Meeting Program Committee

Russell G. Boothe, <i>Chairman</i> , 1948	
Warren Willman, <i>Vice-Chairman</i> , 1950	
A. H. Altern, 1949	Morton G. Isay, 1950
D. T. Barcroft, 1949	Lester E. Kalk, 1950
Henry J. Droba, 1950	Robert G. Kesel, 1949
E. G. Friedrich, 1948	E. M. Moore, 1949
Robert R. Fosket, 1950	Emmett Moroney, 1948
E. M. Glavin, 1948	W. A. Peters, 1949
	Raymond A. Reilley, 1948

## Public and Professional Relations Committee

Edward J. Ryan, <i>Chairman</i> , 1948	
Joseph B. Zielinski, <i>Vice-Chairman</i> , 1949	
R. M. Appleman, 1950	Leroy T. Rowland, 1949
C. H. H. Brevig, 1948	Harry L. Rubens, 1950
Malcolm P. Brooks, 1948	W. G. F. Schmidt, 1948
H. C. Butterly, 1949	G. F. Schroeder, 1950
Albert A. Dahlberg, 1948	R. Winfield Scott, 1949
N. Manley Elliott, 1949	William J. Serritella, 1949
Z. D. Ford, 1950	I. A. Smothers, 1950
Carl Greenwald, 1949	R. L. Straub, 1950
George E. Lindmark, 1948	Rocco P. Tufo, 1949
Milo R. Lunak, 1950	Joseph C. Ulis, 1950

#### **MONTHLY MEETING PROGRAMS**

*(Continued from page 5)*

been teaching ever since. He has given lecture-clinics before many of the larger dental societies including the Chicago Midwinter Meeting and has been in great demand as a speaker before the Branch Societies. His presentation is always forceful and interesting. Dr. Kubacki is Head of the Department of Full and Partial Removable Dentures at the University of Illinois, College of Dentistry. He graduated from that institution in 1917 and, too, has been teaching for a long time. The subject of Centric Registration has been a pet project of his and he has devoted considerable time to it.

#### **NEWS AND ANNOUNCEMENTS**

*(Continued from page 8)*

suburbs far down the list. Anna, Mepropolis, Flora, Robinson, Mt. Vernon and Fairfield are the towns being considered first, and these six projects, if approved, will just about use up the available funds for the current biennium.

#### **NEW HOME FOR CHICAGO MEDICAL SOCIETY**

A million dollar permanent home for the Chicago Medical Society, one of the largest medical groups in the country, is now being considered by officers of that organization who are making plans for its erection as part of the Chicago Medical Center on the West Side.

The medical society now rents office space at 30 North Michigan Avenue. Tentative plans are to erect a building of not more than five stories with space for offices, an auditorium seating from 800 to 1,000 people, meeting places for nineteen special groups, a library and a museum.

The society has increased its dues and plans a subscription campaign to raise approximately two million dollars to construct, equip and maintain the building. It is hoped that the building can be completed so that the cornerstone can be laid

in 1950, the centennial year. The society has 6,000 members.

#### **EXHIBIT DRAMATIZES STORY OF HUMAN DEVELOPMENT**

"The Miracle of Growth," a new exhibit dramatizing the story of human development from conception to adulthood, is now open at the Museum of Science and Industry at 57th Street and Lake Michigan. The exhibit, which was prepared by the professional college of the University of Illinois, is considered an outstanding contribution to public education. As a graphic presentation of the "facts of life" it reveals the miracle of procreation and the development of the individual in its entirety, so that through complete knowledge there may come to every person a better opportunity to live a healthy, full and satisfactory life.

Commencing with the union of the sperm and ovum, the exhibit traces the growth of the fetus through birth and the subsequent development of the infant to adulthood in a vivid sequence that combines frankness, dignity and simplicity. The entire life cycle of the individual, the rhythm and pattern of the process whereby the child becomes a man or woman, with its physical and emotional complexities, is capsulized in a series of displays utilizing three dimension models, animated panels and audience participation.

#### **DR. ROBERT S. BURNS 1888-1947**

Dr. Robert S. Burns, a graduate of Chicago College of Dental Surgery, class of 1914, died September 10, 1947. He had his offices at 2776 Diversey Boulevard, and was a member of the Northwest Side Branch of the Chicago Dental Society.

Dr. Burns is survived by his widow, Ruth; a son, Robert, Jr., and two daughters, Mrs. Nina Grab and Nancy.

## NEWS OF THE BRANCHES

(Continued from page 12)

Pikes which he recently caught on his vacation up in Arrowhead County, Minnesota. He also landed a bouncing baby girl, named Susan Janice. Reports have it that wife and daughter are doing nicely. Oh yes, and father is pretty chipper now, too. . . . John Nelson and son have just returned from a four-months' stay in Sweden. They report many improvements and ultra modern apartment buildings over there. Junior has just enrolled as a pre-dental student at North Park College. . . . Photographer, Rufus Lee, is also an orchid and dahlia enthusiast. His grounds in Norwood Park draws flower lovers from all over. He recently officiated at the Horticultural Exhibit of the Wisconsin State Fair at Milwaukee. . . . M. A. Gordon has just returned from a short vacation at Battle Creek, Michigan. . . . James T. Neel, one of our gentlemen farmers, wouldn't spill with any news when interviewed, but perhaps he'll give us the dope about the cattle and horses for a future issue. . . . Victor T. Nylander, who spends his summers at his home in Crystal Lake, recently went up to Michigan for a change. . . . Frank McGee mixed business and pleasure on a recent trip to Macon, Mississippi. He made a set of dentures for an eighty-two year old uncle which he sent in an improvised packing box made from an orange crate to Chicago to be processed. When returned to him, the lower denture was broken, so he brought it back with him, repaired it and is now hoping that it arrived safely in Macon. . . . Ralph Prettyman and James O'Donoghue are names to be added to the list of those who hope "There's a Car in the Present and not the Future." Jimmy thinks the war is still on because he has to work on his day off. . . . Ralph Wishneff has been seen sporting a brand new Ford. . . . Milburn Johnson and family spent a pleasant two weeks up in Minnesota. His two young sons, however, had all the luck, catching most of the fish. . . . H. R. Morrow has recently returned from

a two weeks' trip to Washington, D.C. . . . A. Mortensen was lucky enough to find a house, but the deal required purchase of the same. . . . H. R. Mittleman went to Honey Lake, Wisconsin in his new Pontiac for his vacation. But as has been the case with so many of our members, the fish weren't biting while he was there. . . . Dr. Willard J. Goldring has recently moved into a new bungalow office which he and a physician associate have constructed in Marengo. . . . Don't forget!!! Monday night, October 6, Edgewater Beach Hotel.—N. M. Elliot, Branch Correspondent.

THE  
BOSWORTH  
PLAN  
will chase the  
thief of Time  
out of your  
practice

The Bosworth Plan can help you put your practice on a business like basis by (1) Reducing broken appointments to a minimum without loss of good will; (2) Planning Appointments which saves much time, facilitates the whole procedure of office routine, enables you to produce more Dentistry with less effort; (3) Case Management which develops larger

cases, accelerates their progress; (4) Service Presentation that means ready acceptance by patients; (5) Training the Assistant to function efficiently; (6) Eliminating Unnecessary Interruptions and (7) Suggesting Administrative Helps that conserve energy and avoid confusion.

Write or Call today for complete details.

HARRY J. BOSWORTH CO., 1315 S. Michigan Ave., Chicago 5, Ill.

Next class in Chicago will be Nov. 19th and 20th, sponsored by The L. D. Caulk Co.

• *in full denture prosthesis*

There is now a tested, precision procedure in full denture construction.

The *McGrane Procedure* developed by Dr. H. F. McGrane offers a solution to some of the most persistent problems in full denture prosthesis—securing centric, stability of lower dentures, and others. The *McGrane Procedure* has been used with signal success for over six years by thousands of satisfied dentists the country over. We would like to tell you more about it. Write or phone us.

# BAKER 75

A REALLY different CASTING GOLD

We honestly believe that no better all purpose casting gold can be made than Baker 75. Yet, it is comparatively low fusing and very easy to cast. The gold and platinum content is as high as possible. If more gold were added, strength and hardness would suffer; more platinum would affect the rich gold color. Baker 75 eliminates the need of using a variety of special golds.

*Where a lighter gold color is needed, or a higher fusing alloy, use Chicago 4.*
